RESIDENCES

A HUMAN-CENTERED OASIS

COURTYARD LIVING

CAR-FREE PODIUM

Designed for Living

Nila Residences reimagines urban living by layering private living with community space. The introverted calm of the courtyard is complemented by the extroverted energy of a car-free podium. This creates a seamless flow between your personal sanctuary and a shared, landscape-rich neighborhood, all designed in harmony with the climate.

EXPERIENCE THE NILA DIFFERENCE:

01

YOUR PRIVATE SANCTUARY

Enjoy your own quiet, open-air courtyard, a peaceful outdoor space for relaxation, shielded from the city bustle.

02

A PARK AT YOUR DOORSTEP

Step out onto a vast, elevated podium dedicated entirely to greenery, pools, and pathways, a safe, pedestrian-only park in the city.

03

NATURALLY COOLER & BRIGHTER

Nila's climate-smart design promotes cross-breezes for fresh air and bathes homes with natural light, reducing energy costs.

04

VIBRANT COMMUNITY LIVING

From intimate courtyard conversations to podium-level gatherings, our design naturally fosters connection with the community.

05

PEACEFUL & HEALTHY LIVING

With parking underground, enjoy a quieter, safer, and pollution-free environment where the community can peacefully unwind and play.
